## Finnegan 1s Certainly Some Pal to Mutt

## HARD PRACTICE IS UTAH'S PROGRAMME

### Eleven Will Be Well Drilled This Week for Saturday's Game at Denver.

season in their game with Montana unicerally Saturday, there is nothing shead for the Utah hove but earnest drill. Next Colorado in Denver. By their victory ver Colorado college Saturday, Boulder the state, and consequently it is to Boulder that Colorado now looks to defeat Utah for the championship, as Utah should defeat Colorado college in Salt Lake the following week.

Utah will meet the hardest team in the conference under a handicap next Saturday. It is certain that the game put up by the eleven against Montana will never win from Boulder. The new formations which Bennion intends to use in Saturday's game were not sufficiently effective to stop Montans and will require perfecting before they will be worth shything against the Yellow and Blue. Couch Bennion is far from discouraged, and said that the closeness of the Montans game and the consequent surprise to the men was the best thing that could have happened. Montans has a splendid tesm and would be worthy opponents of any tesm in the conference. Before the game varsity did not know this, and before they woke up to the fact that their appenents were just as good as they, the Montana machine was working so well that it was impossible for Utah to hit the stride they maintained against Denver two weeks ago.

The game demonstrated clearly that I tah is not peerless and will have to fight inst the same as any other team if they expect to win the championship. The fact that Roulder started out in bad form this season has little significance and is all the more reason that they should extend themselves now. There are ninety men on the bounder squad, and no matter how many green men there are alwong this number, it is a certainty that with a coach like P. I. Folsom, assisted by several others, a good. vill never win from Boulder. The new

men there are among this number, it is a certainty that with a coach like P. I. Folsom, assisted by several others, a good feam will be developed. Since Boulder's defeat at the hands of the Colorado Aggles, their string of victories has been unbroken and overwhelming.

The Montanu scare has put the men on their mottle, and as it is almost certain that the championship depends upon this rame, the fellows will undoubtedly put in the most strenuous practice of the year between now and Thursday moon, when they have for Denver.

### HORSEMEN SORROW AT SHIPMENT OF STOCK

Many a horse-leving man of the Blue Grass region was sick at heart when those five great thoroughbred mares—turiosity, Bituriea, Fairy Slipper, Swift Foot and Deity, which James F. Keene sold to George Jay Gould for \$50,000, were put aboard the Minnehaha for were put aboard the Minnehaha for France. Barring Maskette, the futurity-winning daughter of Biturica, these five were held in higher esteem by Mr. Keene than any of the half a hundred matrons comprising what was the greatest American thoroughbred stud. It is nothing short of an outrage that conditions in this country are such as to occasion the gradual though continuous. casion the gradual though certain pau-perization of this nation's best equine blood.

These five mares are in foul to four of the young Castleton sires, their mating having been under the direction of America's master breeder, Major Foxall A. Daingerfield, and it is not venturing much, in the light of the achievements of American brid horses abroad, to predict that one of their foals of the coming spring will make a sensational record on the race courses of continents. ord on the race courses of continental Europe. Bituriea is in foal to Ultimus, the grandest muscled thoroughbred in America. Fairy Slipper and Curiosity are in foal to that sterling race horse Sweep; Deity is in foal to the beautiful Hippodrome, and Swift Foot's union was with Superman, another excellent

### Soccer Gossip BY WILLIAM SERVICE.

On account of rain and bad grounds there were no school league games played last week. These games will probably be played Tuesday. In the meantime the various schools are strengthening the weak places and playing practice games to keep in trim.

to keep in trim.

Fred. Bramley, who has been playing on the Gordon (Denver) soccer team, finds time to drop into Sait Lake occasionally and help his old team. Fred is the Jiappy possessor of a fine gold badge for being on the team winning the champtonship of Colorado. The Gordons won both the cup and the league pennant, The soccer game is booming in Denver and vicinity and there are a number of good live clubs to contest for the football honors each season.

## SALT LAKE HIGH IS BACK FROM BOISE

Players Say Over-Confidence Cost Them Victory Over Northern Team.

The Salt Lake high school football eleven returned from Bolse last night where the team was defeated Saturday

The controlled bout, ast for tomorrow enterior boundaries and their wives, speak most of the day buttomobility and attending a circus per life, but the Ranner got lines and their wives, speak most of the day buttomobility and attending a circus per life, but the Ranner got lines and their wives at good to none in favor.

The W. Smith of Chicago, who will ieffect the control of t

and will not again be too sure of victory.

It will not be decided until this afternoon whether the second team will play
All Hallows today, as the Saints played
Ogden Saturday and may not be ready
for attother game so soon. If they are,
Captain King of the second squad says
his men are ready for them and from the
recent showings of the youngsters the
game should be interesting.

If you don't understand how, ask the election judges. They will show you. Vote for H. S. Joseph for congress, Everybody's doing it. Why not you? (Advertisement)

## 'BIG NINE" HONORS **BETWEEN TWO TEAMS**

### Minnesota and Wisconsin to Battle for Championship of Middle West.

ago by a decirive score by Wisconsin end the comparatively poor showing by Minnesota, which got the game from llinois by a much smaller scors than was expected, were the features of the "Big ine" conference games.

Chicago is expected to improve much i later games, and has an excellent hance with Minnesota, according to exwho have followed the Midway eams games. Although Wisconsin de eated Stagg's men. 31 to 12, the Chicago played a fine individual game Ceam work was what was lacking and Visconsin's line proved to have all the tone-wall qualities that had been at-ributed to it.

Two points were in favor of Wisconsint

ributed to it.

Two points were in favor of Wisconsint ow running and hard tackling. The first fill gain ground against any team. It shall took three or four Chicago tackgree to bring down a Wisconsin runner. lers to bring down a Wisconsin runner, while it seldom required more than one Wisconsinian to bring down his opponent. That the result of the games leaves the championship between Minnesota and Wisconsin is the forecast that has the greatest currency among conference football men. Though the Minnesotans played a somewhat disappointing game against Illinois, the Urisans team still is an elmost unknown quantity, and the Minnesotans figures to be she strongest playing.

ng.
Outside of the conference, Michigan surprised football followers by its clos-cictory over South Dakota, after depress ng predictions by Yost that the heavie

In the east the Harvard-Princeton game held the attention. Most of the eastern critics had picked Princeton to win, but Harvard's impervious defense turned the scale.

### Pitching and Batting Averages for Western League Made Public

CHICAGO, Nov. 2.—Pitching and bat-ing records of the Western lengue were mounced tonight. The highest percentamounced tonight. The highest percentages follows:

Fitching—E. Thomas (St. Joseph), 786;

Hicks (Omsha), 785; Dessau (Lincoln), 750; Hall (Omsha), 725; Leonard (Denver), 710; Shaushter (Sioux City), 700; Johnson (St. Joseph), 627; Schrieber (Denver), 520; Kinsella (Denver), 647; Ellis (Wichita), 667; Reche (Wichita), 667; Young (Sloux City), 647.

Batting—Bell (Des Moines), 781; Borton (St. Joseph), 251; McLarry (Lincoln), 361; McCormick (Lincoln), 348; Block (Denver), 347; Watson (St. Joseph), 342; Zwilling (St. Joseph), 241; Besil (Denver), 232; Myers (Sioux City), 326; Kenworthy (Denver), 235.

### 'KNOCKOUT" BROWN CALLS OFF A BOUT

By International News Service.

NEW YORK. Nov. 2. "Knockout"
Brown, the New York lightweight, has cancelled his bout with Phil Brock in Cleveland Wednezday night. Brown arrived home today from Bridgeport, Connecticut seriously ill with yellow jaundlee. Brown had not been feeling well for some time and decided to call off the bout after a talk with his manager. Danny Morgan.

gan,
Jack Britton, the Chicago IE2 pounder,
is at Bridgeport and may fight, but nothing definite has yet been arranged.
Joe Thomas expects a match with Eddie McGoorty in a short time and has
sent out a defi to all middlewights, in
New York and Connection for bonts to
put him in chape.

posed of the pick of players of the major leagues. A majority of those picking an "All-America" lean chose Jake Tampert of Brooklyn for the first base position.

## WATTS AND HERBOLT LANDED IN SAFETY

Missing Balloonists Alighted Near Pskof, a Town South of St. Petersburg.

By International News Service.

KANSAS CITY, Mo., Nov. 3.—"Both well and free" was the cheering message received today from the American acronauts, John Watts and Arthur T. Herbott, who started in a borrowed balloon from Stuttzart, Germany, one week ago today in the Coupe Internationale dos Aeronautics. No news of the two men having been reacted for several days after the start of the rave, the Kansas City Aero clob sent a dispatch to Washington asking that three of the European governments be asked to be on the look out for the men, and look ofter means of discovering the whereabouts of the missing balloonists.

Their friends feared they had landed in the wilds of Lapland or in the waters of the Arctic circle. They were, therefore, much refleved today when George M. Myers, president of the Kansas City Aero club, received the following cable-gram daited Piskov, November 3. "Both well and free."

Piskov is undoubtedly Piskof, a city of 50,000, capital of the government of the same name in northwestern Russia, and south of St. Petersburg, Today's message indicates that the Americans have made a spiendid record, going close to 1000 miles from the starting point. They would have captured third place in the race, the winner of which set a world's record, were it not for the fact that they were discuminised because part of the gas was taken in after the sun had ceased to warm the bag. By International News Service.
